School Motto “Mastery for Service”

Dr. Bates

Kwasei Gakuin University is an independent institution for higher education, offering Bachelor's, Master's, and Doctoral degrees in over 35 different disciplines to a student body of about 25,000, including approximately 800 foreign students. The University maintains academic standards that rank among the highest of all Japanese universities and colleges. The educational system at this institution is built on Christian principles, exemplified by its motto, "Mastery for Service," coined by Dr. C.J.L. Bates, the fourth Chancellor.

This emphasizes that students should not only strive for academic excellence in order to further their own careers, but should also nurture their personality and character for the purpose of serving others and society as a whole. This spirit continues to inform all the educational activities of the University.

Entrance Examination for International Management Course

(Pattern JICA)

I Admission Policy

The objectives of Business School are to educate students who will be able to pursue principles of management scientifically and work with global perspectives in compliance with international regulations and rules. Also, it educates professionals who will possess a high level of business ethics with the spirit of Kwansei Gakuin's school motto.

International Management Course intends to educate students to become professionals who are able to work in the global business environment. Therefore, our admission seeks highly motivated candidates who possess a basic knowledge of business and will be able to achieve academic goals. It evaluates the candidates based on their ability of being successful in the global setting. All classes are conducted in English, therefore, the candidate's ability of communicating, writing, reading and understanding in English is particularly important and the students are required those skills in graduate study level. Comprehensive English language ability will be accessed in the admissions exam and interviews (recommended level of English is as follows: TOEFL-iBT: 85 or above, TOEFL-ITP: 570 or above, TOEIC: 780 or above, or IELTS: 6.0 or above).

The admission has the Pattern B (Overseas) entrance examination for such candidates as international candidates who are currently studying at a university out of Japan or residing out of Japan; or Japanese candidates who are currently studying abroad. The Pattern B examination is based only on the submitted documents by applicants. The candidates for Pattern B are not required to visit Japan to take onsite examination.

The objective of the Management program is to provide students the career knowledge and skills to develop insights necessary for confronting the managerial challenges of increasingly global and technologically innovative industries. Through case analyses, simulations and interactive discussions we explore how practicing managers face critical decisions in generating new opportunities, and building organizational capabilities required for sustaining competitive advantage.

The Marketing program aims to provide sound theoretical bases and practical skills to students who wish to develop expertise in marketing area. In this program, students are expected to learn a range of decisions in planning (plan), execution (do), and control (see) of marketing strategies. Our curricula reflect fundamental issues of marketing strategies such as understanding of market environment (customers, competitors and collaborators), segmentation, targeting, positioning, the 4Ps (product, place, promotion and pricing) and brand management in the increasingly competitive environment.

The overall objective of the Finance program is to provide students with a solid understanding of finance and accounting allowing the application of various finance models to real world decision-making in a global context. We discuss how financial managers face critical decisions such as which assets the firm should invest in, how to raise the cash to pay for them, and how much cash they pay out as dividends to shareholders. In the classroom, we use case studies mixed with lecture style teaching.

The objective of the Family Business Management program is to train students who plan to succeed their family businesses. Through lectures and interactive case discussions, students learn how they should address typical challenges associated with management of family businesses for continuous growth and prosperity. The program is designed to provide interdisciplinary learning opportunities across management, marketing, as well as finance.

Global Public Management Program (hereinafter referred as "GPM program") in International Management Course is offered in collaboration with the graduate course of United Nations and Foreign Affairs Studies. The course is intended to provide students theoretical knowledge and practical skills required for the leadership roles in professional careers at global public services institutions, such as the United Nations, diplomatic institutions, international non-governmental organizations. Applicants for the GPM program should select the "Global Public Management program" as his/her first choice in the program

choice section on the online application system. In other words, the candidates who enroll for the other programs (“Management,” “Marketing,” “Finance,” or “Family Business Management” Program) cannot apply for the GPM program. The candidates for the GPM program can select one of other programs as his/her second choice. If the candidate is not accepted for the GPM program, the candidate will be screened for the second choice.

***We will have the last enrollment of the Global Public Management program in fall of AY2023.**
